INDEPENDENT AUDITOR'S REPORT

Board of Governors
Community Foundation of Western Virginia, Inc.
d/b/a Foundation for Roanoke Valley
Roanoke, Virginia

We have audited the accompanying financial statements of Community Foundation of Western Virginia, Inc. d/b/a Foundation for Roanoke Valley, a not-for-profit organization, which comprise the statements of financial position as of June 30, 2018 and 2017, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Foundation of Western Virginia, Inc. d/b/a Foundation for Roanoke Valley as of June 30, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

COMMUNITY FOUNDATION OF WESTERN VIRGINIA, INC.
d/b/a FOUNDATION FOR ROANOKE VALLEY

NOTES TO FINANCIAL STATEMENTS
June 30, 2018

Note 1. Nature of Operations and Summary of Significant Accounting Policies

Community Foundation of Western Virginia, Inc. d/b/a Foundation for Roanoke Valley (the “Foundation”) is a publicly-supported community foundation, which was created in Virginia in 1988 and began operations in March 1990. The Foundation strives to provide a cost effective, efficient vehicle through which donors can make contributions and have them administered to a variety of charities throughout the southwestern Virginia region. Effective July 17, 2018, the Board of Governors approved changing the name of Community Foundation of Western Virginia, Inc. d/b/a Foundation for Roanoke Valley to Community Foundation Serving Western Virginia.

Basis of presentation

The financial statements have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities.

Net assets

The Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

The Foundation receives contributions from donors with stipulations regarding distributions of the assets and the earnings from the assets, but maintains a variance power over these contributions. While the Foundation attempts to meet the desires expressed by the donors at the time of the contributions, the Foundation reserves the right to modify any restrictions or conditions on the distribution of funds for any specified charitable purpose or to specified organizations if, in the sole judgment of the Foundation’s Board of Governors, such restrictions or conditions become unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community. Accordingly, the financial statements classify all net assets as unrestricted, with the exception of assets related to charitable remainder trusts, charitable gift annuities, and educational loan receivables, which are classified as temporarily restricted net assets due to the time restrictions of the assets. The financial statements report amounts separately by class of net assets as follows:

Unrestricted net assets generally result from revenues derived from providing services; receiving unrestricted contributions; realized gains and losses; and receiving dividends and interest from investing in income-producing assets, less expenses incurred in providing services, raising contributions, performing administrative functions, and acquiring property and equipment. The accounts of the Foundation are maintained in accordance with the principles of fund accounting. Under fund accounting, resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purpose. Separate accounts are maintained for each fund; however, in the accompanying financial statements, funds that have similar characteristics have been combined into fund groups.

1. **Undesignated funds** provide the best flexibility to meet present, emerging, and future community needs. The Foundation’s Board of Governors applies this fund to the areas of greatest need in the communities of southwestern Virginia.

NOTES TO FINANCIAL STATEMENTS
June 30, 2018

Note 1. Nature of Operations and Summary of Significant Accounting Policies (Continued)

Net assets (Continued)

2. **Field of interest funds** enable donors to specify their funds to a particular charitable area of interest. Specific grant recipients within that field are chosen by the Board of Governors.
3. **Designated funds** allow donors to specify which charitable organizations or programs are to benefit from the fund.
4. **Advised funds** enable donors to establish a fund and periodically make recommendations to the Board of Governors as to grants from the fund.
5. **Scholarship funds** enable donors to provide annual financial support to deserving young men and women pursuing higher-education studies at accredited schools or universities. Recipients are selected in accordance with federal laws through a board-approved, objective, and non-discriminatory process.

Temporarily restricted net assets generally result from contributions and other inflows of assets whose use by the Foundation is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Foundation pursuant to those stipulations. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Foundation reports the support as unrestricted.

Permanently restricted net assets generally represent the historical cost (fair value at date of gift) of contributions and other inflows of assets whose use by the Foundation is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by the Foundation. At June 30, 2018 and 2017, the Foundation had no permanently restricted net assets.

Cash and cash equivalents

For purposes of the statement of cash flows, the Foundation considers all highly liquid debt instruments with a purchased maturity of less than three months to be cash equivalents, except for those short-term investments managed as part of long-term investment strategies.

Investments

Investments in marketable securities are carried at fair value. The fair value of interests in hedge funds, private equities, and real assets are determined in good faith by external investment managers or other independent sources and reviewed by management. Because these alternative investments are not readily marketable, their estimated value is subject to additional uncertainty and therefore, value realized upon disposition may vary significantly from reported values.

(Continued)

COMMUNITY FOUNDATION OF WESTERN VIRGINIA, INC.
d/b/a FOUNDATION FOR ROANOKE VALLEY

NOTES TO FINANCIAL STATEMENTS
June 30, 2018

Note 1. Nature of Operations and Summary of Significant Accounting Policies (Continued)

Investments (Continued)

Investment income (including realized gains and losses on investments, interest, and dividends) and unrealized gains and losses on investments are reported in the statement of activities as increases or decreases in unrestricted net assets, unless their use is temporarily or permanently restricted by explicit donor stipulations or by law. Management periodically reviews its investment portfolio for other than temporary declines. Securities that are deemed to have other than temporary declines are assigned a new cost basis based on the fair value at the determination date. The difference in the old and new basis is recorded in investment income.

Gifts of investments are recorded at their fair value (based upon quotations or appraisals) at the date of gift. Purchases and sales of investments are recorded on the trade date.

Investment securities are exposed to several risks, such as interest rate, currency, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Foundation's financial statements.

The Foundation manages an investment pool. Investment income is allocated to all pooled funds on a quarterly basis using the average balance in each fund during the quarter. The pool consists of temporarily restricted and unrestricted funds.

Property and equipment

Property and equipment are stated at cost. Donated assets are recorded at their estimated fair values at date of contribution. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally three to ten years for office furniture and equipment. It is the Foundation's policy to capitalize property and equipment expenditures over \$700. Accumulated depreciation was \$123,609 and \$103,529 at June 30, 2018 and 2017, respectively.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements. Such estimates and assumptions also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

(Continued)

COMMUNITY FOUNDATION OF WESTERN VIRGINIA, INC.
d/b/a FOUNDATION FOR ROANOKE VALLEY

NOTES TO FINANCIAL STATEMENTS
June 30, 2018

Note 1. Nature of Operations and Summary of Significant Accounting Policies (Continued)

Income taxes

The Foundation is exempt from federal and state income tax under Section 501(c)(3) of the *Internal Revenue Code (IRC)* and the tax statutes of the Commonwealth of Virginia; accordingly, the accompanying financial statements do not reflect a provision or liability for federal and state income taxes. The Foundation has determined that it does not have any material unrecognized tax benefits or obligations as of June 30, 2018. The Foundation is not categorized as a private foundation and has no unrelated business income subject to federal or state income tax under section 511 of the *IRC*.

Credit risk

Financial instruments that potentially subject the Foundation to concentration of credit risk consist of cash and cash equivalents and investments. The Foundation places its cash and cash equivalents in high credit quality financial institutions. On June 30, 2018 and 2017, a portion of the Foundation's deposits were in excess of the amount insured by the Federal Deposit Insurance Corporation (FDIC). Concentration of credit risk for investments is limited by the Foundation's policy of diversification.

Annuity obligations

The Foundation is a participant in several charitable gift annuities. Under these agreements, the donor contributes a sum of money to be invested by the Foundation. The Foundation makes an annual distribution to the donor for life. The present value of this future benefit is recorded as a liability. Upon the donor's death, the remaining principal and income are held for specified charitable organizations.

Agency funds

In accordance with accounting principles generally accepted in the United States of America, a liability is established when a not-for-profit organization establishes a fund at the Foundation with its own funds and specifies itself as the beneficiary of that fund. The Foundation maintains variance power and legal ownership of these agency funds and as such continues to report the funds as assets of the Foundation. Revenues and expenses are reported net of agency funds on the statements of activities.

Subsequent events

In preparing these financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through December 12, 2018, the date the financial statements were available to be issued.

(Continued)

COMMUNITY FOUNDATION OF WESTERN VIRGINIA, INC.
d/b/a FOUNDATION FOR ROANOKE VALLEY

NOTES TO FINANCIAL STATEMENTS
June 30, 2018

Note 2. Investments

Investment activity is reflected below:

	2018	2017
Investments – beginning	\$ 62,071,506	\$ 55,817,135
Investment returns:		
Dividends and interest	514,476	441,243
Net realized gains	1,432,406	1,008,237
Agency funds net realized gains	64,119	40,304
Net unrealized gains	4,204,427	5,987,187
Agency funds net unrealized gains	189,270	252,740
Investment expenses	(289,320)	(218,977)
Purchases	6,033,663	3,372,924
Sales	(5,733,062)	(4,629,287)
Investments – ending	\$ 68,487,485	\$ 62,071,506

Note 3. Fair Value of Measurements

The Foundation has adopted accounting standards which establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Continued)

COMMUNITY FOUNDATION OF WESTERN VIRGINIA, INC.
d/b/a FOUNDATION FOR ROANOKE VALLEY

NOTES TO FINANCIAL STATEMENTS
June 30, 2018

Note 3. Fair Value of Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are used to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in methodologies used at June 30, 2018 and 2017. Following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

Stocks and mutual funds (Level 1): Valued at closing price reported on the active market on which the individual securities are traded.

Corporate bonds (Level 2): Valued at quoted market prices of similar investments in active markets or quoted prices for identical or similar instruments in inactive markets.

Limited partnerships (Level 3): The Foundation uses the net asset value (NAV) or capital balances of its interest in the limited partnerships as a practical expedient to determine the fair value of its interest in the net assets of these entities. The fair value of certain investments in the underlying entities, which may include private placements and other securities for which values are not readily available, are determined in good faith by the investment advisors of the respective entities and may not reflect amounts that could be realized upon immediate sale, nor amounts that may be ultimately realized. The fair values of these investments are estimated using the NAV provided by the general partner as a practical expedient. These fair values may differ significantly from the values that would have been used had a ready market existed for these investments, and these differences could be material. Net asset valuations are provided quarterly by these entities. Appreciation of investments in these entities is net of all fee allocations to the investment advisors.

Remainder trusts receivable (Level 3): Valued at the net present value of future cash flows expected to be received based on life expectancies of the donors and an applicable discount rate.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

d/b/a FOUNDATION FOR ROANOKE VALLEY

NOTES TO FINANCIAL STATEMENTS
June 30, 2018

Note 3. Fair Value of Measurements (Continued)

The Foundation has \$3,223,728 and \$4,560,059 of cash balances included in investments as of June 30, 2018 and 2017, respectively, which is not required to be classified into a Level as prescribed within the guidance.

- (b) This class includes limited partnerships whose investment objectives seek to produce absolute and consistent risk-adjusted returns. For certain limited partnership investments, partners have the right to periodically withdraw amounts subject to certain restrictions.
- (c) Mangham Associates Endowment Partners (MAEP) is an investment vehicle managed by Mangham Associates that pools investments for small to mid-size endowments to allow for access to larger funds. The MAEP investment portfolio was allocated across the following asset classes at June 30:

	2018	2017
Global developed equity funds	71.1%	69.4%
Emerging markets equity funds	13.3%	11.7%
Hedged equity	15.1%	19.3%
Cash and cash equivalents	- %	- %
Redemptions receivable	- %	- %
Other assets	- %	-0.4%

Level 3 gains and losses

The table below sets forth a summary of changes in the fair value of the Foundation's Level 3 investment assets at June 30, 2018:

	Investments	Receivables
Balance at June 30, 2016	21,343,213	2,354,467
Net changes in fair value	2,280,348	-
Sales and purchases	(611,343)	-
Additional receivables	-	23,733
Payments on receivables	-	(548,555)
Balance at June 30, 2017	23,012,218	1,829,645
Net changes in fair value	1,204,821	-
Sales and purchases	421,092	-
Additional receivables	-	1,083,849
Payments on receivables	-	-

COMMUNITY FOUNDATION OF WESTERN VIRGINIA, INC.
d/b/a FOUNDATION FOR ROANOKE VALLEY

NOTES TO FINANCIAL STATEMENTS
June 30, 2018

Note 3. Fair Value of Measurements (Continued)

Unfunded commitments

The Foundation's non-marketable limited partnerships have unfunded commitments of \$1,333,500 as of June 30, 2018. Unfunded commitments are drawn down throughout the life of the investment based on the cash needs of each individual limited partnership. Limited partnerships with unfunded commitments have remaining lives of 1 to 9 years.

Note 4. Contributions Receivable

Temporarily restricted contributions receivable from remainder trusts and estates consist of the following at December 31:

	2018	2017
Expected to be collected in:		
Less than one year	\$ 2,051,071	\$ -
One to five years	2,445,796	1,960,236
Gross contributions receivable	4,496,867	1,960,236
Less:		
Actuarial present value of future payments from trusts	(366,430)	(130,591)
Total	\$ 4,130,437	\$ 1,829,645

Note 5. Educational Loans Receivable

The Foundation has educational loans receivable at June 30, 2018 and 2017 that consist of \$326,581 and \$464,988 in promissory notes net of an estimated uncollectible allowance of \$326,581 and \$338,714. These promissory notes are due from current and former students, have various interest rates and repayment terms, are collectible through 2023.

Note 6. Operating Leases

On April 10, 2010, the Foundation entered into a lease for its Roanoke office space that commenced on January 1, 2012. The lease had an initial term of five years and one renewal term of five years. The Foundation renewed the lease effective January 1, 2017 and it will terminate on December 31, 2021.

The Foundation leases office space in Martinsville under an operating lease that expired May 31, 2013. In 2013, the Foundation amended the lease, altering the terms to begin June 1, 2013 and ending on June 30, 2016. On January 28, 2016, the Foundation extended the lease through June 30, 2019.

Total rental expense for these leases was \$104,626 and \$98,823 for 2018 and 2017, respectively.

2023		-
		<hr/>
	\$	<u>322,406</u>

Note 7. Retirement Plan

The Foundation has a defined contribution retirement plan covering eligible full-time employees. Contributions to the plan during 2018 and 2017 were \$41,503 and \$38,282, respectively.

Note 8. Pending Accounting Pronouncement

FASB released Accounting Standards Update (ASU) 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities* (NFP), with the goal of improving entity financial statements to provide more useful information to donors, grantors, creditors, and other financial statement users. The ASU significantly changes how NFPs present net assets on the face of the financial statements, as well as requires additional disclosures for expenses by nature and function and for the liquidity and availability of resources. The ASU represents the first major change to NFP financial statement presentation in the last 25 years, and marks the completion of the first phase of the FASB's project related to NFP financial reporting. The second phase is focusing on defining the term "operations" and aligning the presentation of measures of operations in the statement of activities with measures of operations in the statement of cash flows. The new guidance will be effective for annual financial statements for the fiscal year ending June 30, 2019.
